Hummingbird Happy Hour

in Warner Parks

Each fall, the Ruby-throated Hummingbird flies south for the winter, passing through our Warner Parks on its way to Mexico and Central America. We observe and celebrate this annual migration with a Hummingbird Happy Hour fundraiser to support the Warner Parks BIRD Program, featuring cocktails, brews, light bites, and live music on the patio of the Warner Park Nature Center.

Your event sponsorship supports a legacy of avian research that contributes to the long-term health and viability of bird populations while fostering respect and stewardship for birds, their habitats, and nature.

ABOUT FRIENDS OF WARNER PARKS

Friends of Warner Parks is a nonprofit organization dedicated to the preservation, stewardship, and protection of Percy and Edwin Warner Parks.

In close partnership with Metro Nashville Parks & Recreation Department, we fund and oversee trail maintenance and invasive plant control, support Warner Park Nature Center programs and staff, and fundraise on behalf of the needs of Warner Parks and its many facets.

OUR REACH

13,460 newsletter subscribers (over 50% open rate), 8,120 Instagram followers, 8,000 Facebook followers, 1,800 Twitter followers
