Hummingbird banding and observation (9am-11am)

Crafts, face-painting, fun activities (9am-2pm)

Expert presenters and vendors

Fun for the entire family!

Warner Park Nature Center is hosting its annual Hummingbird Celebration on Saturday, September 13 from 9 a.m. - 2 p.m. This FREE event features fun and educational activities for people of all ages, including hummingbird banding demonstrations (9am-11am), live hummingbird observation stations, hummingbird education, face painting, art activities, tips on attracting hummingbirds, and much more. Activity stations will also be led by partners from Friends of Warner Parks, Master Gardeners of Davidson County, Harmony Wildlife, Habitat Connection, Sevier and Bellevue Community Centers, Tennessee Environmental Council, Cumberland-Harpeth Audubon Society, Xerces Society, and Kidsville. The Wood Thrush Shop will be on site selling hummingbird feeders and other hummingbird merchandise and Wonder Gift and Garden will be on site with native plants. Food and drink will also be available for purchase from The Street Food Connection. Parking assistance provided by Parking Management Company.

At 1 p.m., guest presenter and founder of Habitat Landscapes Ivan Chester will share "Gardening to Attract Hummingbirds and Pollinators," highlighting how traditional landscaping repels wildlife and how native plants, leaf litter, reduced outdoor lighting, and avoiding chemicals can help attract them.
